Because the aggregate consideration payable for validly tendered Maximum Tender Offer Notes exceeded the Aggregate Maximum Purchase Price and, as set forth in Table 2 above, the amount of validly tendered 2037 Notes exceeded the applicable Series Tender Cap, if the Offerors accept the Notes, the Maximum Tender Offer Notes will be purchased subject to the Acceptance Priority Levels and subject to proration as described in the Offer to Purchase.

The principal amount of each series of Maximum Tender Offer Notes listed in Table 2 above ultimately accepted for purchase, if any, will depend upon the determination of the applicable Total Consideration (as defined in the Offer to Purchase) at 11:00 a.m., New York City time, on March 6, 2019 and will be determined in accordance with the Aggregate Maximum Purchase Price, and the Series Tender Cap and Acceptance Priority Levels set forth in Table 2 above, as described in the Offer to Purchase, as

amended by the previously announced increases in the Aggregate Maximum Purchase Price and the Series Tender Cap. As a result, a holder who validly tenders Maximum Tender Offer Notes pursuant to the Maximum Tender Offers may have all or a portion of its Maximum Tender Offer Notes returned to it, and the amount of Maximum Tender Offer Notes returned will depend on the overall level of participation of holders in such Tender Offers. In addition, the Offerors' acceptance of the Notes is subject to a financing condition that the Offerors shall have closed one or more debt financings resulting in net proceeds to the Offerors in an amount not less than the amount required, upon the terms and subject to the conditions of the applicable Tender Offer, to purchase all the Notes validly tendered and accepted for purchase in the Tender Offers and to pay accrued interest thereon and fees and expenses associated therewith. The Offerors expect to satisfy the financing condition upon the closing of the previously announced public offering of senior notes by Medtronic Global Holdings S.C.A., which is expected to occur on March 7, 2019, subject to customary closing conditions.

Holders of Notes validly tendered and not validly withdrawn on or prior to the Early Tender Deadline are eligible to receive the applicable Total Consideration, which includes an early tender premium of \$30 per \$1,000 principal amount of Notes tendered by such holders and accepted for purchase by the applicable Offeror (the "Early Tender Premium"). Accrued interest up to, but not including, the settlement date will be paid in cash on all validly tendered Notes accepted and purchased by the applicable Offeror in the Tender Offers. The Offerors reserve the right, subject to applicable law, to further increase or waive the Aggregate Maximum Purchase Price or the Series Tender Cap. The Company expects to issue a press release after the close of trading on the New York Stock Exchange on March 6, 2019 to announce the Total Consideration payable in connection with the Tender Offers. The Company expects to issue a press release prior to the open of trading on the New York Stock Exchange on March 7, 2019 announcing satisfaction of the financing condition and accepting the Notes for purchase. The settlement date for the Notes accepted by the Offerors in connection with the Early Tender Deadline is expected to be March 11, 2019.

Although the Tender Offers are scheduled to expire at 12:00 midnight, New York City time, on March 19, 2019 (one minute after 11:59 p.m., New York City time, on March 19, 2019), or any other date and time to which the applicable Offeror extends such Tender Offer, because holders of Maximum Tender Offer Notes subject to the Tender Offers validly tendered and did not validly withdraw Maximum Tender Offer Notes on or prior to the Early Tender Deadline for which the aggregate consideration payable exceeds the Aggregate Maximum Purchase Price, the Offerors do not expect to accept for purchase any tenders of Maximum Tender Offer Notes after the Early Tender Deadline. Holders of Any and All Notes who validly tender such Notes following the Early Tender Deadline and at or prior to the applicable expiration date will only receive the applicable Tender Offer Consideration for Notes accepted for purchase, which is equal to the applicable Total Consideration minus the applicable Early Tender Premium.
